

IAVM membership continues to grow, thanks in part to a successful venue group membership program. As of March 31, we had 4,948 members, our highest ever, compared to 4,337 the prior year. Also 58 group venue members have joined, with several more pending. Even more encouraging, we are seeing these new members participating in our webinars, conferences and other activities, many for the first time. A huge thank you to the membership committee, our many dedicated volunteer leaders and the IAVM team, particularly marketing and membership, for such a positive result.

As you will see in the financial report, we will end the year with a budget surplus, but will fall short of the goal of \$85,000. Our focus in the coming year is on programs that add value to our members that also will help us grow revenue that can be invested back into our membership. We are seeing a lot of anticipation for programs like the Certified Venue Professional, the new textbook, the Trained Crowd Manager program, our new digital advertising options and of course, we anticipate adding more group venue members.

Last month, I attended the AMEREF Annual Conference as their keynote speaker, talking about trends in the convention center industry. IAVM was also able to present an introduction to the Trained Crowd Manager program, led by IAVM's Director of Education, Mark Herrera. The response was positive, and our affiliates in Mexico are eager to host TCM programming as well as encourage applications for the CVP designation.

Finally, I'd like to say thank you to our partners in Baltimore, led by Baltimore Convention Center Executive Director Peggy Daidakis. All of our venue members in Baltimore have welcomed IAVM with open arms, and our thoughts have been with them as they go through a difficult time. We know that they will put on a great event for us in 3 months, when we all arrive at VenueConnect. I wanted to share a note that Peggy sent out to some of our members, for all IAVM members:

THANK YOU TO ALL OF MY IAVM COLLEAGUES

On behalf of all of us in Baltimore, I would like to extend my heartfelt thank you to all of my IAVM colleagues and friends. We are strong and committed to overcome the experiences that we are going through. There is so much good about Baltimore that the media is not showing. Citizens cleaning up their neighborhoods after the destruction; children handing out water to the police; students organizing peaceful protests; food, beverages, and words

of appreciation to the National Guard and other law enforcement officers for keeping us safe and maintaining order.

When you visit Baltimore for VenueConnect, we will show you the Baltimore filled with wonderful attractions, cultural events, great restaurants, the Baltimore Orioles, and friendly people who want you to have the best experience while you are here. You will not be disappointed.

I am so lucky to be a part of an industry with so many good and caring people. I have been overwhelmed with the personal emails from many of you. I cannot thank you enough.

All the best to all of you and see you this summer. We want you to come and experience a great city!

*Peggy Daidakis

Operations

Financials

For the year ended March 2015 the Association generated a profit of \$59K on revenue of \$4.47M compared to a budgeted profit of \$84K on revenue of \$4.81M. The revenue shortage of \$339,000 was partially offset by a \$319,000 reduction in expenses resulting in an operating income of \$44,000 which was \$20,000 under the budgeted target of \$64,000. After investment returns of \$15,000 the Association generated a Net Income of \$59,000 which was \$25,000 under the budgeted target of \$84,000. The Net Income of \$59,000 will enable the Association to be in compliance with the required bank loan debt covenant.

In regards to profitability of the Association's three business segments: Administration exceeded budget by \$130,000, Face to Face meetings were \$53,000 under budget and Products and Publications were \$98,000 under budget. In comparison to last year, revenue increased by \$133,000 or 3%. This was the first time since 2011 that revenue has increased in comparison to the prior year. The Face to Face business segment was the driver of the revenue increase as this segment increased \$233,000 or 10% from the prior year.

Looking beyond the current fiscal year one key financial indicator is deferred revenue for membership dues. As of March the deferred balance was \$696,000 which is in line with the total of \$699,000 from last year. This comparison tells us that if this trend continued future membership revenues would be in line or flat with current revenue levels.

Cash and Investment Balance

As of March the cash & investment balance was \$1,046,000 and represented 86 days of operating expenses compared to a target of 90 days. Last year the cash and investment balance was \$1,168,000 and represented 101 days of operating expenses. The cash reduction was primarily due to new tenant finish-out costs of \$116,000 and lower than expected operating results.

Operations/ IT

To improve email marketing efforts IT has imported non-member professional and allied lists that increase our prospect reach by over 2,000.

Academy for Venue Safety & Security(AVSS) - Dallas, TX – March 1 – 5, 2015:

The Academy for Venue Safety & Security was March 1-5, 2015 and co-located with GuestX. The curriculum was taught by the AVSS Faculty and our Guest Faculty who specialized in topics such as:

- Dealing with the Media in Time of Crisis
- Crisis Communication
- Preventing Crowd Violence
- Venue Administrative & Built in Fire & Life Safety Systems
- Application of Incident Command Systems
- Application of National Incident Management Systems
- Introduction to Safety & Security for Persons with Disabilities
- Alcohol & Illegal Drug Management
- OSHA Standards Regulating Venues
- Introduction to Risk Management
- Introduction to Severe Weather

AVSS Year 1:

The Academy for Venue Safety & Security was evaluated and rated on a 5 point scale and using the average score of 4.0 as the measuring stick for success, Year 1 of the Academy was well received by attendees, with the key rating attributes achieving scores of 4.4 or more. Out of 46 students evaluating the training, 40 agreed that that can apply what was learned at their jobs to become more successful.

The following attributes rated over a 4.4:

- The program overall
- The overall educational content
- I learned something at AVSS that I can apply at my job to be more successful
- Likelihood of recommending AVSS Year 1 to others
- Likelihood of attending AVSS Year 2

AVSS Year 2:

The Academy for Venue Safety & Security Year 2 using the average score of 4.0 as the measuring stick for success, was also well received by the attendees, with all the key rating attributes achieving scores of 4.3 or more.

The high overall rating of AVSS Year 2 and the high likelihood of recommending it to others indicates that students were very pleased with the 2015 Academy.

Educational Webinars:

Three webinars were provided to our members and titled:

- Maximizing Energy Efficiency: New Tools and Strategies
- IAVM Mentor Connector Program
- IAVM's Sustainability Report Webinar

Schools:

The Venue Management School is scheduled for June 6-12, 2015, Oglebay Resort, Wheeling, West Virginia. The application deadline for VMS Year 1, Year 2, and Graduate Institute has passed; however, individuals who still apply to Year 1 or Year 2 will be placed on a wait list.

Certification:

The final standards document for the mid-level certification program has been completed and is now being utilized to assist in creating the test bank exam questions. The

Certification Board continues to work with our consultants from CTHRC to complete and validate the process through the next quarter. The new Certified Venue Professional (CVP) program will launch at VenueConnect in Baltimore. Also, at the time of the launch, the standards document will be available for review.

Research

For Fiscal Year 2015, the unaudited total income from VenueDataSource products is \$18,641.

The first quarter of 2015 was particularly busy for IAVM research. In addition to completing two scheduled VenueDataSource (VDS) projects and continuing our quarterly Business Barometer efforts, three new specialty surveys were executed.

- The 2014 IAVM Membership Survey was completed on December 29th, 2014. The results were presented at the Board of Directors meeting in Dallas on January 15th.
- An update of our Safety and Security Survey was launched in early January. The completed report will be issued in mid-April. In addition, I presented the preliminary findings to students attending Year 1 and Year 2 of the Academy of Venue Safety and Security in Dallas on March 4th.
- A Capital Funding Survey was begun in October 2014, and extended through March 2015 to allow respondents more time to participate. A draft report is being reviewed and should be ready for issuance by late April/early May.

The Business Barometer report for the 4th Quarter of 2014 will be issued to all members on April 14th. All panelists received their copy on April 8th.

To provide material for presentation at PAMC in 2015, we consulted with performing arts center committee members to discern topics that would be of interest to attendees. The Research Advisory Council Chairman, Steve Schwartz, presented the findings from this research at the meeting in San Francisco.

Similarly, we conducted some preliminary research among convention center members that will serve as the basis for some more in-depth questioning later in the year; the intent is to present this material at the 2015 ICCA meeting.

To assist both the Certification Board and IAVM Marketing Department, we conducted a CFE awareness and attitude survey. The overall objective was to provide feedback to help guide future recruitment efforts. Results have been shared with the Director of Governance and the Marketing Director.

An update of our Technology Survey has been programmed and is being tested. I expect this survey to launch in mid-April.

Marketing & Communications

With the newsletter and online *FM* magazine launched, we continued to refine our production process—including collaborating with the sales team on a new inventory and fulfillment system for online advertising. With the completion of this process, we officially introduced ~\$300k worth of digital advertising real estate.

The team also provided marketing support for PAMC, AVSS, GuestX, Severe Weather Preparedness and SES. We continue to push toward stronger content marketing that aligns with our programming, and the Safety & Security issue of *FM* was a successful move toward this goal. Twelve feature stories were posted online in the digital issue of *FM*, adding almost 2,000 additional readers to our magazine content. These features were also promoted through the newsletter (15,000+ weekly) and our social channels (stats below), so we are continuing to align our content so that it is not only accessible through every online channel, but that is also reinforcing the value of our conferences and schools. One of our goals for 2015-2016 as a marketing team will be to double the online audience of the magazine, and to link magazine feature content to every single conference and school.

We also met with representatives from the research committee, where we further discussed the value of VenueDataSource and identified several opportunities for improved reach and relevance in future projects.

Initial plans for our 90th VenueConnect began early in the year, kicking off with the development of the unique 90th logo being used for this year's conference.

Board of Trustees

As an outcome of the Mid-Year Meeting, the Foundation Board of Trustees monthly conference calls for the month of January and February were conducted as individual one-on-one calls with each Trustee to discuss strategy and goals within each team. We regrouped in March as a full Board for our monthly conference call. Discussion included reviewing the most recent financials and approval of the FY16 budget. Trustees continue to make great progress in their individual fundraising efforts (reflected below).

Annual Fundraising – Build An Amazing Future

Build an Amazing Future reporting is based on our budgeted fiscal year starting April 1 through March 31. We fell short by \$7,583 for FY2015; however, we ended the year with the highest revenue for our annual giving since 2003.

Build An Amazing Future Campaign Details:

For 32 years, the IAVM Foundation has committed to programs, ideas, and initiatives that build amazing careers and a strong future for the industry.

This legacy continues with three new programs focused on students, young professionals, and mid-level management in the venue management industry.

Joseph A. Floreano Scholarship & Internship Program:

The Foundation is introducing a new set of scholarships to each of the major programs at IAVM. Whether you are a young professional looking to develop your career or a mid-level manager looking to build a critical network of leaders and peers, you will be able to apply for Foundation scholarships to attend IAVM sector meetings, schools and the annual conference and trade show.

30|UNDER|30, presented by SearchWide & Ungerboeck:

Launching at VenueConnect 2015 in Baltimore, this program focuses on identifying and developing the talent of venue industry professionals, 30 years of age and under, through increased access and exposure to industry networking and thought leadership. The program provides year-round continued education for professional growth in the venue industry and helps program participants become better, more productive employees.

Selected applicants will receive one full, complimentary registration (Value: \$1,185) to VenueConnect, IAVM's Annual Conference & Trade Show in Baltimore, MD on August 1 – 4, 2015, a travel stipend of \$850 to be used on travel accommodations and a complimentary one-year Young Professional Membership (Value: \$250). Honorees will be recognized throughout the annual meeting and formally at the Venue Industry Awards luncheon on Monday, August 3, 2015.

The application contains two short, straightforward portions; basic professional information and a short-answer YouTube submission.

Certified Venue Professional (CVP):

The much-anticipated mid-level certification for venue professionals is now in development, and the IAVM Foundation is providing the resources needed to ensure that this new certification provides essential credentialing to further careers and strengthen the future of our industry.

Special Fundraising Appeals within the campaign:

100 Women of IAVM:

The idea is simple – 100 Women each giving \$100 means \$10,000 each year! Funds raised through this initiative will be used to support the 3 Industry Women scholarships at AMC, ICCC and PAMC.

As of March 31st we've raised \$8,700 with 89 donors –

Favorite musician or band?
I'm nostalgic for the Grunge bands.

Favorite sports + entertainment memory?
Seeing Cats when I was 12 years old at the newly opened (and last) Center for Performing Arts in Nebraska. My mom was a rock star and took me out of school.

If you could be any animal, what would you be and why?
I would be a hummingbird. They are mysterious, fast, and fierce.

If you could switch places with someone for one day, who would it be and why?
Jan Brewer. I would just love to deliver the news like that and be funny.

JOSEPH A. FLOREANO SCHOLARSHIP + INTERNSHIP PROGRAM
IAVM FOUNDATION

AVSS Scholarship + Internship Recipients

The Foundation is proud to announce the Joseph A. Floreano Scholarship + Internship Program recipients for the 2015 Academy for Venue Safety & Security (AVSS), recognizing two deserving individuals who demonstrate leadership, innovation, community involvement, and the potential to be future leaders in the venue management industry.

"As leaders we know there is a cause and effect from the level of preparation and quality to the results we see. How we choose to invest in people impacts our results," said Brian Rogers, AVSS Director of Development. "The Foundation provided the seed funding for AVSS over 10 years ago, and we couldn't be more proud to further our investment in the continued development of safety & security for venue professionals."

The Foundation also offers scholarships + internships to a variety of other IAVM conferences and events. Visit here to learn more and to apply. Thanks to the support of committed donors, together we are Building Amazing Futures. [Click here](#) to learn more about the Foundation's annual campaign.

Venue: Pocono Raceway
Title: Senior Director of Facility Operations

Why have you chosen this particular school to attend? What advantage or assistance will it offer to the development of your career? IAVM was something that I was not involved with previously, and the growing track is large public sector experience for a small arena owned large venue operation. The need for this engagement is more apparent than ever. AVSS is the logical next step in my continuing education plan that will help enhance progressing in Venue Management. I have not completed my IAVM certification with IAVM.

What is your ultimate dream job?
This is not the first time someone has asked me what my dream job would be. I don't really have one. But that I am not a career misanthropic but I have the impression that every job is my dream job. I have always been told by my team (being I believe that you should do the very best, your best work) and every day. AVSS has allowed me to build work combined with a network of training started in preparation of career and the state will open to opportunities and experiences that not even dreams are made of.
