Directors Message

Dear Colleagues,

And we're off!

With a new year that is. The new year rolled around, leading many people to make resolutions, break resolutions, and generally continue much as we had before. For those who continue to uphold their resolutions, I admire you!

Last week I attended a retirement party for a venue colleague it seems like I have known forever. Joyce Ford has now retired from Blumenthal Performing Arts Center. It was a grand party, which provided the opportunity to reunite with old friends and to meet people I hope will become friends.

Like many people of our generation in this business, Joyce had been with the PAC for a long time-I can't tell you how long, but she was working there as an usher when I went there in 1994. Exhibiting a great work ethic and a dynamic personality, she worked her way up the ladder, rung by rung. She was the General Manager when she retired.

Joyce's climb to success serves as a prime example for people who are trying hard to break into our business, or on their way up-never think any role is too trivial, or beneath you. You don't know where it will lead. Take that toehold! Favorable impressions lead to connections which lead to better opportunities.

The new year seems like a perfect time to pursue new connections and new opportunities. I know just the place to do so. Please plan to join us for the Region 5 Conference in New Orleans in April. More info to come....

Best wishes,

Birmingham - The Birmingham-Jefferson Convention Complex now has eight Tesla charging stations for electronic car owners to power up while visiting the complex.

The charging stations are located in a parking lot behind the BJCC's Uptown Entertainment District, which makes it ideal for visitors to eat at one of Uptown's seven restaurants while they charge up.

The stations are free for Tesla owners to use 24 hours a day. BJCC Executive Director Tad Snider said BJCC is the ideal spot for a charging site because its downtown Birmingham location is at the intersection of four major interstates.

The charging stations were installed as the result of an agreement between Tesla Motors and the BJCC with support from Alabama Power Company.

Greensboro - On November 12, the newly renovated and expanded Greensboro Coliseum Complex Fieldhouse debuted with the inaugural game of the Greensboro Swarm, the new NBA Development League affiliate of the Charlotte Hornets. Formerly The Pavilion, the venue was dramatically transformed into a state-of-the-art basketball venue following a $5.7M renovation funded by hotel/motel tax revenues. In addition to serving as the home of the Swarm, the 40,000-square-foot Fieldhouse also hosts Greensboro Roller Derby matches and a wide of
variety of other sporting events including wrestling, boxing and volleyball as well as tradeshows and meetings.

**Greensboro** - On Dec. 5, the Greensboro Coliseum Complex and Wake Forest University announced legendary rock group Guns N' Roses will play BB&T Field at Wake Forest University on Friday, August 11. The concert will be the first held at Wake’s football field since 1990 and the first booking in that venue since the Coliseum Complex and WFU announced an agreement three years ago that the Greensboro Coliseum had been contracted to book and manage non-sporting events at WFU venues. With the exception of Miami, FL, Winston-Salem is the band’s only tour stop in the Southeast.

**Coliseo of Puerto Rico** - Coliseo of Puerto Rico takes safety very seriously. With our recently acquired Thermal Imaging Camera (infrared) we inspected production power-cabling runs. During our first-of-four consecutive sold-out concerts (Los Cangris) we identified and corrected overheating in a cam lock connector. Immediate security measures were taken without impact to the Production in progress. The next three shows ran without additional safety issues.

**Coliseo of Puerto Rico** - As you all know, curtain changes required moving the full truss to the different configurations to the already set motors on the grid. After examining the moving process and taking into consideration the amount of time and labor required to do the truss movement, an empty truss with border skirts was purchased, which includes a pamper basket for collecting the curtains. Now the long hours involved in the process of moving the truss and the big amount of labor was cut to minutes using only a four-person crew. Know we just bring the truss down while the drapes fall into the hamper, roll the hamper to the empty truss and tie it. On average the whole process takes less than 45 minutes.
Coliseo of Puerto Rico - As part of our community service, a group of employees participated in the Annual San Jorge Children’s Hospital Christmas Parade. They were accompanied by Frosty & Frostyna, characters from Funtarctica, Coliseo’s annual public skating event. Employees also had the opportunity to visit one of the Cancer units, helping to cheer up the kids and their parents.

Coliseo of Puerto Rico - The security of our employees and guests has always been a top priority. After the events in Paris and in different parts of the US, involving random shootings and killings of innocent people that were gathered to have fun and to be entertained, it was decided that it was time to shop for the best, reliable walk thru machines in the market. The process lasted a few months but finally, during the first week of December the machines arrived to Coliseo. Personnel from Security Detection, Inc. visited the facility to install the equipment and trained our security staff in how to operate the machines and maximize their potential. The Garrett Walk thru Metal Detectors Model PD6500i, were first used during a sold out Reggaeton concert, Los Cangris. It was a challenge, since it was a sold out show, but our staff and our guests both understood the importance of having the machines. The detectors have been in continuous used during all events, we all want a safe environment at the Coliseo de Puerto Rico.

Coliseo of Puerto Rico - December is the “Season of Giving” so for a selection of our clients, suppliers and contractors, our busy F&B department made homemade cookies, featuring a special Coliseo recipe. A total of 1,800 homemade cookies were baked.

Florence - Nick Hooker former Senior Marketing Manager, has been named Director of Marketing at SMG Florence Civic Center. Nick is coming up on his 10-year benchmark with SMG and helped launch the original marketing division at the venue.

Florence - The SMG-managed Florence Civic Center ends 2016 with two major awards. The Civic Center has again been awarded the prestigious Prime Site Award by Facilities Media Group of New York and also ConventionSouth Magazine's 2016 Annual Readers' Choice Award.

The Facilities Prime Site Award is given to the top entertainment, sports and special event venues including Arenas, Civic Centers, Coliseums, Auditoriums, Stadiums, Theaters, PACs, Amphitheaters, University Venues, Fairgrounds and Special Event Venues. The honor is voted on by booking agents, promoters, talent buyers and key industry members.

The venue has achieved additional acclaimed industry credit by receiving the 2016 ConventionSouth Readers' Choice Award.

ConventionSouth, a national meeting planner's resource publication and website, recently released their list of preferred venues and awarded Florence Civic Center as a top stop. "ConventionSouth readers and fans have voted to decide the best meeting sites in the South, and it is no surprise to us that Florence Civic Center has been selected to receive our annual Readers' Choice Award," said Publisher J. Talty O'Connor. "The value in receiving this prestigious recognition is that it comes from the United States' top meeting professionals who hold events in the South. These planners demand the highest level of customer service and quality facilities, and they have contributed in determining that Florence Civic Center indeed displays the commitment to professionalism, creativity and service that they require."

"We have all worked hard this year and it's a great feeling to see that hard work paying off. We would like to thank the meeting planners, promoters and our fans for voting for us," says Kendall Wall, General Manager of the Florence Civic Center. "That doesn't mean that the Civic Center will slow down in 2017, with the upcoming expansion scheduled to break ground in early January, things will only get busier and we will continue to look for new ways to attract people to Florence," continues Wall.

The SMG-managed Florence Civic Center is the hub for entertainment, exhibitions and civic events for the Pee Dee area. With over 50,000 square feet of multi-purpose space, the Florence Civic Center can accommodate events of all shapes, types and sizes. The Center
has the advantage of a prime location on a spacious, manicured complex at the intersection of I-95 and I-20, just a few miles from the regional airport. The facility is close to dozens of national chain hotels, several of which are immediately adjacent and within walking distance. It is located just across the street from Florence's premier shopping plaza and close to a variety of award-winning restaurants. Visit florenceciviccenter.com for more information on the award-winning venue.

**Norfolk** - SevenVenues is working to upgrade the picnic area at Harbor Park, the 12,000-plus capacity stadium, and home to MiLB's Norfolk Tides. Renovations to the left field picnic area of Harbor Park are scheduled to begin in the fall of 2017. According to Director John Rhamstine, "renovations will add seating capacity, additional utilities for concession and catering sales, front row monster seating—including a drink rail—and, most importantly, a canopy" that will provide comfort to patrons and shade from summer's rays.

The budget for this project is approximately $1.3 million, and it is expected to be completed by the start of the 2018 Tides season.

Expansions to the Harbor Park box office are also in the works.

On January 20th, the historic Wells Theatre will hold its Grand Reopening and ribbon cutting. The Beaux Arts building went up in 1912, and after many a reinvention and repurposing, was listed on the National Register of Historic Places in 1980.

The recent restoration project that began early in 2016 was a full-on facelift for this century-old charmer. From the unearthing of the building’s original tile flooring to awning repairs and demolition days, crew members were tasked with giving new life to the historic hotspot while maintaining the integrity of the building and its storied past.

**Richmond** - Spectra Venue Management, manager and operator of the Greater Richmond Convention Center (GRCC), announced the hiring of three new full-time employees to kick off the New Year:

- Dominque Clark, who has been part of the GRCC team in a part-time role for four years, was named Assistant Box Office/Parking Manager.

- Bobby O'Brien, formerly of the MassMutual Center in Springfield, Mass., was named Event
Manager. At the Spectra-managed MassMutual Center, O'Brien served two years in the events department with particular experience in managing professional sports and trade shows.

- Ken Roberson, most recently with Parmenter Realty Partners overseeing maintenance for the 30-story Sun Trust Center in downtown Richmond, was named Maintenance Manager. Roberson will oversee day-to-day operations of maintenance personnel at the GRCC as well as leading preventive maintenance efforts.

"These new staff members will play important roles in helping our team to continue to provide the highest level of customer service to our clients and guests," said Michael Meyers, Spectra's General Manager of the GRCC. "We're very excited to welcome them to our team."

**Virginia Beach** - Max Long has joined the Virginia Beach Convention Center team as a full time Event Coordinator! Max comes from performing arts centers in Dallas and Denver and this year was selected as one of International Association of Venue Management's "30 under 30".

**Newsletter Guidelines**

Please submit information by the 15th of each month for inclusion in the following month's newsletter. If your submission is received after the 15th it will be published in the next newsletter.

Entries are published as received with little editing and cutting. Please send entries as you would like them in the newsletter. Please send in a word doc. format with pictures attached separately as a jpeg.

As you think about things to share, please keep in mind that we are looking for news items. Some newsworthy items of note include (but are not limited to):

- Expansions, renovations, new buildings
- New contracts
- Incidents or event surprises that occur at your building you think others should know about (heads up’)
- How you handle/handled hot button topics
- Looking for suggestions on how others handle a concern
- RFP's
- Newly hired or promoted staff
- Certifications or awards for facilities and staff
- Notice of PAFMS grads, etc.
- Job Postings, searches for jobs
- Photos (not all can be used). Please identify all people in photo.

Because most of our members are employed in event buildings, event schedules and articles which list upcoming or past events will not be included in the newsletters. On the other hand, events which have led to some unexpected situations requiring fast thought and master handling could be considered newsworthy.
